<https://samarasilva18.github.io/results-summary-component-main/>

More projects in the portfolio: <https://samarasilva18.github.io/my-portfolio/>

ADDITIONAL INFORMATION:

I have greater familiarity with JavaScript (with some experience utilizing REACT), HTML, CSS, and Java. I have also studied SQL, Python, and VBA.

I enjoy working inside a team and have already done group projects in college, which included primarily development of web applications using JavaScript, CSS, and HTML.
